

Mutual Commitment

The Brokerage Industry is a simple system where we as a 3rd party offers to you, to find, select, negotiate and contract a property whether it is a MLS listing, a New Home Builder, a For Sale By Owner or a Mere Listing that will suit your needs.

As professional Realtors in the intense Industry of Real Estate in Calgary and surrounding areas, our 45 plus years of combined experience tells us that in order to provide our skills to buyers we require a commitment.

Our goal is mutual and in exchange for this service we, Roz and I, will seek a commission from the transaction itself, which is normally provided through a Listing Contract by a Seller. However there is now a Buyer Brokerage to discuss.

It takes a great deal of time and co-operative energy to find just the right home and for us the reward comes solely from a completed sale by way of a commission. Therefore our commitment to you is genuine. We are prepared to go to work for you, by investing our time, energy and at our expense find you that perfect home but only if your commitment to us is sincere.

Our long term success as an Realtors is based solely on our personal performance. We have a lot to gain from a sale, and as a satisfied client you may refer us to your friends or family who are interested in buying or selling. In this manner, we have developed a future network of people who can be sure to call on us for all their real estate needs.

In return, Roz and I will provide continuous professional advice and information to anyone with whom we have worked with in the past.

The most important factor is the development of mutual respect and commitment. If we can work together as a team, we are confident that our efforts will lead to a successful conclusion.

Yours sincerely,
Doug and Roz MacCallum
